RxJS

Profile

Full Stack Web Developer with expertise in designing and developing scalable web applications using HTML, CSS, JavaScript, React, Node.js, and Express. Proficient in RESTful APIs, JSON, RxJS, and secure authentication using JWT and OAuth2. Skilled in MongoDB, PostgreSQL, PHP, TypeScript, Ruby on Rails, and Swift. Strong understanding of UI/UX principles and real-time communication with Socket.io. Experienced in version control with Git & GitHub. Passionate about building fast, responsive, and user-friendly digital experiences.

Work Experience

Developed and maintained responsive web applications using React, Node.js, Express, and MongoDB. Created reusable components, RESTful APIs, and integrated third-party services. Implemented authentication with JWT and OAuth2, and handled state management with Redux and RxJS. Collaborated with designers to enhance UI/UX, ensured cross-browser compatibility, and optimized performance. Used Git and GitHub for version control and Notion for task management and documentation.
